Lt. Governor

April 13, 2012

The New Jersey Department of Transportation cordially invites you to attend an informal Public Information Center regarding the Route 46 Safety Improvements project from Main Street to Frederick Street in the Borough of Little Ferry and South Hackensack Township, Bergen County.

The Public Information Center is scheduled to be held on **Wednesday, May 9, 2012 from 6:00 to 8:00 p.m.** in the Council Chambers of the Little Ferry Borough Hall, 215-217 Liberty Street, Little Ferry, New Jersey. **Please plan to attend at a time that is convenient for you. Property owners of rental units are advised that tenants are invited and encouraged to participate.**

The project consists of constructing a 2-foot wide raised curbed island along Route 46 to separate eastbound and westbound traffic, provide left turn lanes on Route 46 at the Grand Street intersection, extend the left-turn storage length on Route 46 at the Liberty Street intersection, implement phasing improvements at the three signalized intersections along Route 46 from Phillips Avenue to Grand Street to improve traffic flow, widen and reconfigure the south approach to the Phillips Avenue intersection with Route 46 to provide a one-way northbound movement consisting of two left-turn lanes and a through/right turn lane, and enlarge curb radii at the Route 46 and Liberty Street intersection to better accommodate truck turning movements.

Department representatives will be in attendance and available for questions from the public. Maps and plans will also be available for the public to view.

If you have any questions or concerns, or if you are physically challenged and require assistance in participating in the meeting, please feel free to contact me at (609) 530-2110.

Sincerely yours,

Debbie Hirt
