

Notice of Employment

The Township of South Hackensack is seeking a Licensed collection system operator class 2 or higher. The person holding this position will be responsible for the Operation, maintenance and inspection of the Township's sanitary sewer and storm water sewer collection systems. The individual must be able to work with all township employees and independently without direct supervision. This position requires the ability to maintain records related to the township's collection systems and will work cooperatively with the superintendent of the Department of Public works. This person will be responsible to operate and maintain all systems in accordance with NJDEP regulations and reporting requirements. Salary commensurate with experience.

Responsibilities

1. Establish a routine maintenance program regarding the storm water and sanitary sewer collection system equipment including; pipes, manholes, lift stations, storm inlets and other structures.
2. Thorough record keeping of daily activities and maintenance logs of both the sanitary and storm water collection systems.
3. Be thoroughly familiar with OSHA safety regulations pertaining to such work.
4. Provide written report of all system operations and maintenance activities on a monthly basis to township officials and POTW's.
